

# The J-Tones

## a raw mix of soulful contemporary acoustic music

**A fun and relaxed atmosphere from a huge range of artists is what they create. Just well played songs..**

The Josh Boots Duo or 'The J-Tones' is well known in the North Coast music scene. They've played in and around Byron Bay at all the local venues, and have performed at over 180 weddings in the past 3 years alone. Josh brings to the table an ability to cover almost any artist, adding his own touch to any arrangement while staying true to the original. Playing acoustic and electric guitars and singing for the best part of 19 years, Josh certainly has the experience to front this highly talented Duo. He also impressed the recording industry a while back, when Sony Music awarded him a prestigious songwriting/recording scholarship, as well as earning a recording contract with surf giant, Quiksilver.

Bringing to the outfit a strong sense of rhythm and harmony, is drummer, multi-instrumentalist and vocalist Matt Aitchison. Matt has played with, supported and even managed some major artists in his time, displaying a solid musical foundation for all to feed off. Matt honed his skills traveling and playing music all over the world, and to add to his abilities, he's an awesome DJ that can fill a dancefloor!

The boys have a carefully selected list of covers making up a huge repertoire, sure to keep any crowd happy. From songs by Foo Fighters, John Mayer, Jack Johnson, Vance Joy, Angus & Julia Stone and John Legend as well as the classics by Al Green, Marvin Gaye, Neil Young, Dylan, Paul Kelly, Van Morrison and the Beatles to name a few.
